ABOUT MYSELF

A dedicated Computer Science and Engineering undergraduate at Daffodil International University with a strong passion for Artificial Intelligence, Machine Learning, Software Development, and Research. Experienced in educational instruction, technical problem-solving, and academic mentorship with proven leadership in managing educational initiatives and student development.

I am enthusiastic about embracing emerging technologies and leveraging innovative Artificial Intelligence and Deep Learning methodologies to solve real-world problems. I believe in fostering collaborative environments, continuous learning, and critical thinking to contribute effectively to technological advancement and impactful solutions.

WORK EXPERIENCE

EMON SCIENCELAB – DHAKA, BANGLADESH

Founder & Educator | 01/01/2022 – Current

- Conduct structured academic instruction in Physics, Mathematics, ICT, and Programming for school and college students.
- Develop adaptive teaching methodologies tailored to improve academic performance.
- Create and publish educational content on YouTube for HSC subjects and programming tutorials.
- Mentor students both online and offline to strengthen conceptual understanding and problem-solving skills.

DAFFODIL INTERNATIONAL UNIVERSITY – DHAKA, BANGLADESH

General Member, DIU Embedded System Research Lab | 01/01/2024 – Current

- Engage in AI/ML and embedded systems research initiatives.
- Collaborate with research team members on innovative technical and software-based projects.
- Assist in exploring technological solutions for academic and real-world applications.

SCIENCE CLUB, DHAKA CITY COLLEGE – DHAKA, BANGLADESH

Executive Member | 2021 – 2022

- Organized and managed 5+ STEM workshops involving over 100 participants.
- Coordinated event logistics and promoted science engagement among students.

PROJECT EXPERIENCE

KrishiSeba – Agricultural Equipment Rental Management System

Technologies: Java, OOP, File Handling

- Developed an agricultural rental management platform using Object-Oriented Programming principles.
- Implemented user authentication, rental tracking, and booking modules.
- Designed the system to improve accessibility to agricultural machinery.

MediSeba – Online Medical Appointment & Prescription Platform

Technologies: HTML, CSS, JavaScript, PHP, MySQL

- Developed a healthcare platform for digital appointment scheduling and prescription management.
- Built admin dashboard, appointment management, and digital prescription functionalities.

Student Database Management System

Technologies: C Programming

- Built a CRUD-based student management system for maintaining academic records.
- Applied structured programming and file handling concepts.

Library Management System

Technologies: C Programming

- Designed a library record system for book issue/return and inventory management.

Bank Management System

Technologies: C Programming

- Developed a banking application supporting deposit, withdrawal, and account tracking operations.

TECHNICAL ACHIEVEMENTS & COMPETITIONS

Programming & AI

- Ranked **61st among 1000+ participants** in **Unlock the Algorithm Contest (Spring 2025)**.
- Achieved **Rank 45** in **Take-Off Programming Contest Final Round (Spring 2024)**.
- Ranked **47th** in **Googling Contest (Spring 2024)**.
- Successfully participated in **Prompt Battle – Prompt Engineering Contest (Summer 2025)**.

Science Olympiads

- Finalist in **DIU Science Olympiad (Fall 2024)**.
- National-level participant in **1st S.N. Bose National Science Festival (2025)**.
- Regional participant in **Bangladesh Physics Olympiad (2019)**.

EDUCATION AND TRAINING

B.SC IN COMPUTER SCIENCE AND ENGINEERING

Daffodil International University-01/01/2024 – 31/12/2027 (Expected)

- **Current CGPA:** 3.71 out of 4.00

HIGHER SECONDARY CERTIFICATE (HSC)

Dhaka City College-2021 – 2022

- **Final Grade:** GPA 5.00 out of 5.00

SECONDARY SCHOOL CERTIFICATE (SSC)

Noakhali Zilla School-2015 – 2020

- **Final Grade:** GPA 5.00 out of 5.00

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

AI & Emerging Technologies

- **Prompt Engineering Contest (Summer 2025):** Successfully participated in the **Prompt Battle – Prompt Engineering Contest**, demonstrating innovative AI interaction and prompt design skills using models such as Chatgpt, Gemini, and Llama.
- **AI for Career Development Seminar (March 2025):** Participated in “Empowering Future Leaders: Harnessing AI for Innovation and Career Success”, organized by the **Career Development Center (CDC)**, Daffodil International University.

Programming & Problem Solving

- **Unlock the Algorithm Programming Contest (Spring 2025):** Competed in DIU CPC’s university-wide programming contest focused on algorithmic problem-solving and logical thinking.
- **Take-Off Programming Contest (Spring 2024):** Participated in a foundation-level competitive programming event at **Daffodil International University**.

- **Googling Contest (Spring 2024):** Demonstrated advanced search, information retrieval, and digital literacy skills in a university-wide ICT competition.
- **Regional High School ICT Quiz Contest (2017):** Participated in the regional ICT knowledge competition organized by the **ICT Division of Bangladesh**.

Science Olympiads & Academic Competitions

- **1st S.N. Bose National Science Festival (May 2025):** Participated in the Science Olympiad Competition organized by **Biggan Adda**.
- **DIU Science Olympiad (Fall 2024):** Competed in the university science competition organized by the **Faculty of Science & Information Technology**.
- **Bangladesh Physics Olympiad (2019):** Participated in the Regional Round of the **9th Dutch-Bangla Bank–Prothom Alo Bangladesh Physics Olympiad**, Category B.

LEADERSHIP EXPERIENCE

President – Kishor Alo Book Club (Noakhali Branch)-2018 – 2020

- Led team management and literacy-promoting initiatives.
- Organized reading campaigns and youth engagement activities.

TECHNICAL SKILLS

Programming Languages: C, C++, Java, Python

Web & UI Development: HTML, CSS, JavaScript, Responsive Web Design

Database & Backend: MySQL, PostgreSQL, Spring Boot, PHP

Software Development: Object-Oriented Programming, Algorithm Design, Data Structures

Other Skills: Prompt Engineering, Data Analysis, Research, Problem Solving

Tools: Git/GitHub, Visual Studio Code (VS Code) IntelliJ IDEA Code::Blocks / Dev-C++, Canva, Microsoft Office Suite

RESEARCH INTERESTS

- Artificial Intelligence
- Machine Learning
- Deep Learning
- Natural Language Processing
- Brain-Computer Interface
- Educational Technology
- AI for Healthcare
